

POE class & PSU specification

[Issue Description]

What is the standard of POE/PSU that Yealink phones can support, and which PoE Class or PSU Specification is required for each Yealink phone?

[Cause]

Yealink phones support the POE 802.3af standard, and different models require different PoE class or different PSU specifications.

[Resolution]

Mobile	POE class	PSU
T19(P) E2	Class 2	AC 100-240V input, DC 5V/600mA output
T21(P) E2	Class 2	AC 100-240V input, DC 5V/600mA output
T23P	Class 1	AC 100-240V input, DC 5V/600mA output
T23G	Class 1	AC 100-240V input, DC 5V/600mA output
T27G	Class 3	AC 100-240V input, DC 5V/1.2A output
T29G	Class 0	AC 100-240V input, DC 5V/2A output
T30(P)	Class 2	AC 100-240V input, DC 5V/600mA output
T31(P)(G)	Class 2	AC 100-240V input, DC 5V/600mA output
T33P(G)	Class 2	AC 100-240V input, DC 5V/600mA output
T40P	Class 2	AC 100-240V input, DC 5V/600mA output
T40G	Class 2	AC 100-240V input, DC 5V/600mA output
T41S	Class 2	AC 100-240V input, DC 5V/1.2A output
T42S	Class 2	AC 100-240V input, DC 5V/1.2A output
T46S	Class 3	AC 100-240V input, DC 5V/2A output
T48S	Class 3	AC 100-240V input, DC 5V/2A output
T42U	Class 2	AC 100-240V input, DC 5V/1.2A output

T43U	Class 2	AC 100-240V input, DC 5V/1.2A output
T46U	Class 3	AC 100-240V input, DC 5V/2A output
T48U	Class 3	AC 100-240V input, DC 5V/2A output
T52S	Class 3	AC 100-240V input, DC 5V/2A output
T53	Class 2	AC 100-240V input, DC 5V/1.2A output
T53W	Class 2	AC 100-240V input, DC 5V/1.2A output
T54S	Class 3	AC 100-240V input, DC 5V/2A output
T54W	Class 3	AC 100-240V input, DC 5V/2A output
T56A	Class 3	AC 100-240V input, DC 5V/2A output
T57W	Class 3	AC 100-240V input, DC 5V/2A output
T58A	Class 3	AC 100-240V input, DC 5V/2A output
T58W	Class 3	AC 100-240V input, DC 5V/2A output
VP59	Class 3	AC 100-240V input, DC 12V/1A output
CP920	Class 3	AC 100-240V input, DC 12V/1A output
CP925	Class 3	AC 100-240V input, DC 12V/1A output
CP960	Class 3	Don't Support PSU
CP965	Class 4	Don't Support PSU
W52B	Class 2	AC 100-240V input, DC 5V/600mA output
W60B	Class 1	AC 100-240V input, DC 5V/600mA output
W70B	Class 1	AC 100-240V input, DC 5V/600mA output
W80	Class 1	AC 100-240V input, DC 5V/1.2A output
W90	Class 1	AC 100-240V input, DC 5V/1.2A output

[More Information]

If you want to get more information about this feature or need more support, please feel free to contact Yealink FAE for further support by ticket.yealink.com .
