

Yeastar S2 Module for S-Series VoIP PBX

Yeastar S2 module is a module with 2 FXS ports to terminate two analog telephone or fax machines. It is compatible with Yeastar S-Series VoIP PBX.

❖ Specifications

Port	2 RJ11 FXS Ports
Supported Model	S20, S50, S100, S300
Ring Frequency	25 Hz
Ring Load	840 Ohm
Loop Impedance	2000 Ohm
Loop Current	20 mA
Off-hook Voltage	11V
Ring Voltage	85V

On-hook Voltage (tip/ring)	48V
Off-hook Current	10 mA
Terminating Impedance Option	600 Ohm
Max Length Supported	1500M
Pulse Dial Speed	100~135 ms/ 10pps
Surge Voltage	1.5KV (10/70uS)
REN Load (1000M)	5REN=1400 Ohm 3REN=2330 Ohm 1REN=7000 Ohm
